

**C2000 Grant Projects in the Fox River Watershed 1997 - 2006**

YEAR	Code	Project Title	Grantee C2000 Funds	C2000 Funds	Match
1997	FRPEDP-97	<b>Ecosystem Partnership Support Grant</b> This grant supports the Ecosystem Partnership, helping defray administrative costs associated with out-of-pocket expenses (i.e., personal services, commodity items, etc.).	Kane-DuPage Soil & Water Conservation Dist.	\$2,999.98	\$0.00
1997	FRP008-97B	<b>Evaluation of Watershed Based Sediment Management Alternatives for the Chain O' Lakes on the Fox River</b> Incorporates FRP008-97 and FRP008-97A	Board of Trustees of the University of Illinois	\$50,000.00	\$0.00
1998	FRP007-98	<b>Fox River Shoreline Research and Restoration McCullough Park and Red Oak Nature Center</b> This project proposes to restore the most severely eroded portions of the Fox River shoreline on Fox Valley Park District property through bio-engineering of two sites.	Fox Valley Park District	\$53,558.29	\$47,100.00
1998	FRP016-98	<b>Fox Watershed Poster</b> This project will broaden the awareness of the impact of suburbanization on the Fox watershed's natural resources through the development of a two-sided, four-color poster.	Friends of the Fox River	\$5,500.00	\$1,500.00
1998	FRP001-98A	<b>Rifle Reconstruction, Waubonsie Creek at Stonegate Park</b> Funds will be used to purchase lumber and hardware needed to construct 1 bridge, 6 benches and 20 interpretive trail signs.	Oswegoland Park Dist	\$3,460.00	\$6,976.00
1998	FRP013-98	<b>Stormwater and Wetland Management Workshop</b> This proposal seeks funding to sponsor a regional workshop on stormwater and urban wetland planning and management.	Fox Valley Land Foundation	\$4,360.00	\$1,550.00
1999	FRP002-99	<b>Blackberry Creek Dam Removal Feasibility</b> This study will compare the impact of removing a dam versus several alternatives	Kane-DuPage Soil & Water Conservation Dist.	\$19,678.63	\$16,500.00
1999	FRP020-99	<b>Native Habitat Inventory of the Lower Fox River</b> Develop a high quality database from which sound decisions can be made on future policy issues involving acquisition, preservation, and restoration.	Conservation Research Institute	\$18,500.00	\$5,000.00
1999	FRP015-99	<b>Nippersink Creek Water Quality Monitoring/Evaluation Project</b> Monitor Nippersink Creek for water quality, nutrient levels, etc.....	McHenry County Soil & Water Conservation District	\$30,664.00	\$68,593.00
1999	FRP007-99	<b>Raceway Woods Restoration</b> Restoration of severely eroded woodland/wetland	Dundee Township Park District	\$46,800.00	\$74,040.00
1999	FRP001-99	<b>Waubonsie Creek Watershed Improvements</b> Funds will be used to purchase lumber and hardware needed to construct 1 bridge, 6 benches and 20 interpretive trail signs.	Oswegoland Park District	\$17,580.00	\$28,115.41
1999	FRP008-99A	<b>Wing Park/Tyler Creek - Wet/Mesic Prairie Restoration, Phase I</b> Transform the highly visible, newly constructed detention area in front of the main entrance to Wing Park Aquatic Complex into a wet/mesic prairie restoration site.	Elgin City Of	\$31,934.41	\$32,647.79
2000	FRP009-00	<b>Brewster Creek Dam Removal Design</b> Funding will allow the completion of the final design and engineering of a project removing two dams from Brewster Creek.	Kane County Environmental Management Dept	\$27,972.00	\$67,720.06
2000	FRP014-00	<b>Camp River Trails Acquisition</b> See FRP015-00A Purchase a conservation easement on 60 acres of land along Mission Creek and the Fox River.	The Conservation Foundation	\$139,250.00	\$51,473.70
2000	FRP012-00	<b>Developing a Watershed Education Program at Camp Algonquin</b> Purchase equipment and materials needed to provide a high quality watershed education program.	Metropolitan Family Service Camp Algonquin	\$2,575.00	\$38,937.61

YEAR	Code	Project Title	Grantee C2000 Funds	C2000 Funds	Match
2000	FRP015-00A	<b>Development of Big Rock Creek Watershed Plan</b> Develop a citizen-generated watershed plan for the Big Rock Creek Watershed.	The Conservation Foundation	\$15,000.00	\$18,214.36
2000	FRP001-00	<b>Fox River Fish Passage Feasibility Project</b> Use existing information and field sampling to examine fish populations, aquatic habitat, and dams in the Fox River and lower reaches of its largest tributaries between the McHenry and Dayton dams.	Max McGraw Wildlife Foundation	\$39,280.00	\$96,185.00
2000	FRP011-00	<b>FREP's Resource Database and Directory</b> Develop the method for collecting database information, purchase appropriate database programs, administer the project, contract FREP regional assistants for completion of data, then produce and print the resource directory.	Max McGraw Wildlife Foundation	\$21,968.54	\$30,556.25
2000	FRP006-00	<b>Land Acquisition / Naturalization of Poplar Creek adjacent Bluff Spring Fen Nature Preserve</b> Acquire a key 0.605 acre parcel of land located near Bluff Spring Fen Nature Preserve.	Fox Valley Land Foundation	\$80,000.00	\$22,804.00
2000	FRP023-00	<b>N. Branch Nippersink Cr. Corridor</b> A database of land parcels will be created. Meetings with the Village of Richmond, governments, and private landowners will be used to coordinate and facilitate purchase of easements.	McHenry County Defenders	\$27,700.00	\$12,493.19
2000	FRP002-00	<b>Stormwater Technical Assistance and Education</b> Funds will be used to purchase lumber and hardware needed to construct 1 bridge, 6 benches and 20 interpretive trail signs.	Northeastern Illinois Planning Commission	\$13,008.10	\$5,087.92
2001	FRP006-01	<b>Brewster Creek Dam Removal at Camp Tu-Endie-Wei</b> The removal of this dam will be performed in manner compatible with applicable regulatory programs, with a particular emphasis on sediment management during and after construction.	Kane County Environmental Management Department	\$100,000.00	\$0.00
2001	FRP007-01	<b>Connecting the Public to a Watershed</b> Eight roadside signs and four informational kiosks will be built to be placed in the four major watersheds of Kendall County.	Kendall County Forest Preserve District	\$6,514.38	\$600.00
2001	FRPSG1-01	<b>Ecosystem Partnership Planning Grant</b>	Green Strategies	\$8,000.00	\$0.00
2001	FRP008-01	<b>Eldamain-Schaefer Road Fen/Subat Property</b> C2000 funds will be used to acquire a 13 acre parcel north of the Fox River consisting of remnant Bur Oak Savanna, a high quality fen, and a section of the Rob Roy Creek.	Kendall County Forest Preserve Dist.	\$129,000.00	\$16,000.00
2001	FRP011-01	<b>Forest Preserve Invasive Plant Removal</b> Selective spraying with 2% glyphosate is planned, as well as controlled burning and hand pulling of plants. Cutting buckthorn & applying 25% triclopyr to the cut stump will help eliminate this tree species.	DeKalb County Forest Preserve District	\$9,810.00	\$10,523.12
2001	FRP012-01	<b>Fox River Monitoring Network</b> Funding will go toward various aspects of this outreach program	Friends of the Fox River	\$55,250.00	\$98,340.66
2001	FRP014-01	<b>Nippersink Creek Water Reuse Project</b> This project involved developing an ordinance and information brochure for reuse of waste water in commercial buildings and for landscape use.	Village of Richmond	\$15,804.11	\$10,169.60
2001	FRP003-01	<b>What's the Value of a Dam?</b> Funds will be used to survey stakeholders and document perceived values of dams.	Illinois Institute of Technology	\$23,875.00	\$11,592.00
2002	FRP011-02	<b>Economic Analysis and Model Ordinance Language Development, Blackberry Creek Watershed</b> The fundamental goal of this project is to improve water quality and reduce flooding in the Blackberry Creek Watershed, and ultimately in all waters in Northeast Illinois, by modifying future development patterns.	Kane County Environmental Management Department	\$67,000.00	\$42,179.10

YEAR	Code	Project Title	Grantee C2000 Funds	C2000 Funds	Match
2002	FRP017-02	<b>Ecotourism to Protect Natural Resources</b> To market ecotourism activities, a brochure, descriptive map and web site will be designed, produced and distributed to promote recreation and restoration activities which are non-invasive and educational.	McHenry County Defenders	\$20,457.00	\$18,513.00
2002	FRP005-02	<b>Marketing the Integrated Management Plan for the Fox River Watershed in Illinois</b> FREP will distribute educational materials on the Integrated Management Plan for the Fox River Watershed throughout the partnership.	Fox River Ecosystem Partnership	\$72,000.00	\$13,100.00
2002	FRP009-02	<b>Native Plant Shoreline Stabilization</b> This project plans to reintroduce native species that have been identified by IDNR studies that are compatible to urban areas and have the ability to withstand periodic flooding and ice flows which occur along the banks of the Fox River.	Fox Valley Park District	\$16,955.61	\$26,041.40
2002	FRP001-02	<b>Nippersink Creek Restoration</b> This project will provide increased floodwater storage capacity, improve surface water quality, enhance canoeing and fishing benefit to users.	McHenry County Conservation District	\$66,639.00	\$126,102.98
2002	FRP002-02	<b>Rasmusen Natural Area Enhancement</b> Funds will be used to purchase lumber and hardware needed to construct 1 bridge, 6 benches and 20 interpretive trail signs.	LaSalle County Soil and Water Conservation Dist	\$4,420.00	\$7,200.54
2002	FRP007-02	<b>Stream Corridor and Channel Restoration</b> Using rocks, rootwads, and logs this project proposes to restore a damaged expanse of stream corridor and channel.	St Charles Park District	\$8,848.00	\$57,618.00
2002	FRP014-02	<b>Windstone Subdivision Lake Riparian Restoration</b> Funds will be used to restore the riparian zone of Windstone Lake in order to address poor habitat and water quality from poor land management practices, runoff pollutants and on-going storm water runoff from drainage systems.	Windstone Community Association	\$19,396.00	\$25,857.00
2003	FRP012-03	<b>Acquisition of McAndrew Sedge Meadow and Upland</b> The Boone Creek Watershed Alliance will acquire approximately 20 acres of wetland, including a sedge meadow, and 17 acres of adjacent upland oak and hickory woodland. Another adjoining 4 acres woodland conservation easement will be donated. A total of 41 acres will be protected.	Boone Creek Watershed Alliance (BCWA)	\$284,550.43	\$16,000.00
2003	FRP009-03	<b>Dundee Township Open Space Restoration/Management Project</b> Enhance biodiversity by improving habitat and water quality of three sites by removal/herbicide of invasive vegetation in conjunction with an ongoing education/stewardship program to foster support of natural areas.	Dundee Township	\$13,900.00	\$30,847.76
2004	FRP014-04	<b>Fish Lake Fen Habitat Restoration</b> This project will remove 25-acres of buckthorn thickets within a calcareous fen. The Lake County Forest Preserve District will implement long-term management and monitoring prescriptions such as controlled burning, follow-up invasive species control, plant/animal monitoring, and volunteer recruitment.	Lake County Forest Preserve	\$30,000.00	\$38,630.75
2004	FRPSG1-04	<b>Fox River Support Grant</b>	Fox River Ecosystem Partnership	\$3,000.00	\$40.91
2004	FRP005-04	<b>Lawson Creek Headwater Restoration</b> This project will recreate most of the original 2,500 foot meandering channel of Lawson Creek, a small headwater tributary to Nippersink Creek, ditched in the 1940's. In addition it will provide for the restoration of 40 acres of cropland to prairie and 20 acres of oak savanna north of the stream's conflux with Nippersink Creek.	McHenry County Conservation District	\$36,465.94	\$76,788.23

YEAR	Code	Project Title	Grantee C2000 Funds	C2000 Funds	Match
2004	FRP007-04	<b>Nelson Lake Marsh - Restoration &amp; Education</b> Project is 20 acre wetland/fen enhancement at Nelson Lake-a 1,000 acre Dedicated Nature Preserve. Project components include: specialized contractors/equipment for tree removal/nonnative species removal/continuing student and volunteer seed harvesting/planting and removal of buckthorn from under the oak trees. Interpretive signs also installed.	Forest Preserve District of Kane Co.	\$50,000.00	\$46,200.00
2006	FRP013-06	<b>Corron Farm Natural Area Restoration</b> Historic Corron Farm (acquired in 2002 by Campton Twp., Kane Co. FPD and OLT) contains prairie, fen/sedge meadow and savanna that are among best in Chicago Region (FQI>75). Township seeks assistance to restore hydrology, plant native plants and manage exotics in order to enhance existing savanna and wetland and restore former wetland and prairie.	Campton Township	\$57,500.00	\$69,250.00
2006	FRP001-06	<b>Forested Fen Wetland Habitat Restoration</b> Over two years, FVLF will perform management on the 14.5 acres of high-quality forested fen wetlands that survive in Illinois at 2 contiguous locations. Those locations are Trout Park Nature Preserve (& Trout Park River's Edge, the undedicated buffer area) and the Natural Heritage Landmark site at Fox River Country Day School.	Fox Valley Land Foundation	\$26,200.00	\$27,600.00
2006	FRP003-06	<b>Fox River Summit: Building Watershed Collaboration</b> The Fox River Ecosystem Partnership's 2-year project utilizes a watershed summit to strengthen and expand interaction and collaboration with other watershed stakeholders. It includes: a planning stage; a watershed-wide summit resulting in a plan of action; post-summit communication and activities to further the plan; and a second, follow-up summit.	Fox River Ecosystem Partnership	\$42,000.00	\$30,200.00
2006	FRPSG1-06	<b>Fox River Support Grant</b> This grant supports the Ecosystem Partnership, helping defray administrative costs associated with out-of-pocket expenses (i.e., personal services, commodity items, etc.).	Fox River Ecosystem Partnership	\$3,000.00	\$0.00
2006	FRP004-06	<b>Habitat Restoration - Dixie Briggs Fromm</b> Hydrological restoration and habitat plantings next to Dixie Fromm Nature Preserve. This site contains a farm field, wetlands/riparian corridor and oak savanna remnants. Project has strong public support from residents and the Fox Valley Land Foundation.	Dundee Township	\$43,725.00	\$47,220.00
2006	FRP007-06	<b>Peck Lake Habitat Restoration</b> Habitat restoration at 19 acre Peck lake:2 ac. wetland, 3 ac. forest, ed activities also included. Currently lake provides minimal wildlife benefits. Eco Hydrologist investigation indicates lake can be restored to recover <b>diverse plant and animal species</b>	Geneva Park District	\$80,000.00	\$108,264.00
2006	FRP011-06	<b>Wagner Fen Habitat Restoration Project</b> This project will control invasive plants (e.g. purple loosestrife, buckthorn et. al) at Wagner Fen State Nature Preserve. This wetland is owned/managed by the Lake County Forest Preserve and the conservation group Citizens for Conservation. These agencies will combine staff and volunteer efforts to restore the health of the site.	Lake County Forest Preserve	\$21,000.00	\$17,978.75
2006	FRP014-06	<b>Waubonsee Wetland/Open Savanna Enhancement: Planting Seeds &amp; Plugs and Trees</b> Waubonsee Community College will use funds to purchase and contract to plant native seeds, trees and shrubs in the 32.5 acre wetland and 7 acre open savanna. Funds will be used for removal of non-native and invasive plant species and for education of sch	Waubonsee Community College	\$46,546.00	\$35,379.50
			<b>TOTAL</b>	<b>\$2,013,645.42</b>	<b>\$1,633,731.59</b>
